

Converged risk advisory for boards, regulators, insurers, and counsel.

Nevermore Crisis & Security Advisors is a boutique advisory firm specializing in converged physical, cyber, AI governance, geopolitical, and insider risk. We work with critical-infrastructure operators, regulated enterprises, and government clients to produce quantified, board-defensible operational risk assessments grounded in structured intelligence-analysis methodology. SBA-certified SDVOSB. Headquartered in Charlotte, North Carolina.

CORE COMPETENCIES

Security Risk Management Quantified facility risk assessment built on a ten-domain methodology. TVRA, CPTED, access control, perimeter, insider threat, cyber-physical integration.	Threat Management Advisory Behavioral threat assessment, workplace violence, and insider threat program design. Intake, escalation, documentation for legal defensibility.	Resilience Advisory Crisis management, business continuity, disaster recovery. CMP/BCP/DRP build and stress-test. Tabletops and wargames as core deliverables.	Geopolitical Risk Advisory Quantified country and regional risk scoring built on STEMPLE+ methodology. Scenario stress-testing, contingency planning, wargames.
Governance, Risk & Compliance Converged ERM across physical, cyber, and operational risk. Third-party risk, audit-ready GRC, regulatory alignment, board reporting.	AI Governance & Cyber Risk ISO 42001, NIST AI RMF, NIST CSF 2.0, 800-53/171, CMMC, NERC-CIP. AI governance framework build. OT/IT convergence assessment.	AI Legal & Contractual Risk AI vendor contract review and regulatory risk advisory. Delivered in partnership with Freedom Law NC. Bridge to litigation when needed.	Board Advisory Strategic risk counsel for directors and committees. Board briefings, reporting cadence design, pre-testimony, M&A and AI deployment counsel.

DIFFERENTIATORS

Proprietary methodology. Converged operational risk scoring grounded in structured analytic techniques drawn from the U.S. intelligence community. Quantified, decomposable, audit-grade outputs.	Integrated legal counsel. Through our partnership with Freedom Law NC, AI legal and contractual risk sits inside the practice as a named service area — not a referral.	Practitioner backgrounds. Leadership combines retired FBI Supervisory Special Agent service, U.S. Army combat operations, military intelligence, and senior Big Four consulting practice.	Cited research foundation. Firm research on intelligence dissemination is listed on the U.S. Naval War College Library's research guide for the field.
